All papers will be published in peer reviewed journal which will be published after Seminar is organized. The world is witnessing an unprecedented advancement and innovative approaches in various fields of social sciences that shaped our life. The goal of the Seminar is to bring together researchers from all parts of the world. It provides researchers ample opportunities for exposure to diverse experience in different fields; to exchange new ideas and experiences face to face; to link to global counterparts; to meet their peers; to enhance their potential and widen horizons and scope for future research.*

### **Seminar Objectives:**

- ✓ *To enhance academic cooperation and research collaboration among young and experienced researchers from different parts of the world.*
- ✓ *To update the academicians, researchers, postgraduates, and practitioners, on the current trends and development in business management, education, social science, and humanity.*
- ✓ *Identify areas of common interests among researchers for future International collaborative research.*
- ✓ *To identify a platform for a series of Seminars for more advanced research.*
- ✓ *To encourage entrepreneurship in applied research.*

### **EMPLOYMENT INCREASING IN RURAL INDIA**

The sharp and sudden increase in employment in September 2021 was largely a rural story. In all the major labour market metrics, it is rural India that shows big improvements. Labour conditions improved in urban India also but not as much as they did in rural India. The addition of salaried jobs was essentially in urban India. Nearly 60 per cent of the total 6.9 million salaried jobs added in September were in urban India. While rural India added 2.8 million, urban India added 4.2 million salaried jobs. But, it is likely that these salaried jobs in urban India may not be of good quality. The manufacturing sector saw a fall in employment in urban India in September. And, a large part of the increase in services sector jobs was among non-professional personal services. There were increases in education and in
